

US Import restrictions on coins of Italian type

The RBW Collection is an American collection and all of the coins that make up this collection were outside Italian territory prior to 19th January 2011. Furthermore, almost every item was exported from the United States using a special procedure: Certificate of Registration (CBP Form 4455), which proves American provenance, therefore **none of the coins offered in this sale are subject to any kind of US import restrictions.**

Nonetheless, Numismatica Ars Classica NAC AG endeavours to provide its American clients with the best service possible and we will therefore take it upon ourselves to carry out all of the customs formalities for importation into the USA and will then ship the lots to each individual client from within the United States.

No payment will be due until the coins are delivered.
